

The gold standard of accuracy in the lab industry

The Vibrant Dairy Zoomer is a comprehensive test that detects IgA and IgG antibodies and sensitivity to all major antigens in cow's milk.

Dairy Zoomer Markers List

Casein

- α S1-casein & α S2-casein
- α S2-casein & Retinal S-antigen overlap
- K-casein
- A1 β -casein & Islet cell overlap
- β -casein
- Beta-casomorphin (BCM)

Whey

- α -Lactalbumin
- β -Lactoglobulin
- Serum albumin
- Lactoferrin

Butyrophilin
