

Vibrant Chrome Extension

Track, order, and access results where you work

Streamline your workflow with the Vibrant Chrome Extension. Place orders directly from your EHR—no full integration required. Confirm patient details, select tests, track status, and download reports, all within the extension. Stay in your EHR and keep your workflow uninterrupted.

Stay Organized and Informed

Track order status and access reports while working in your EHR.

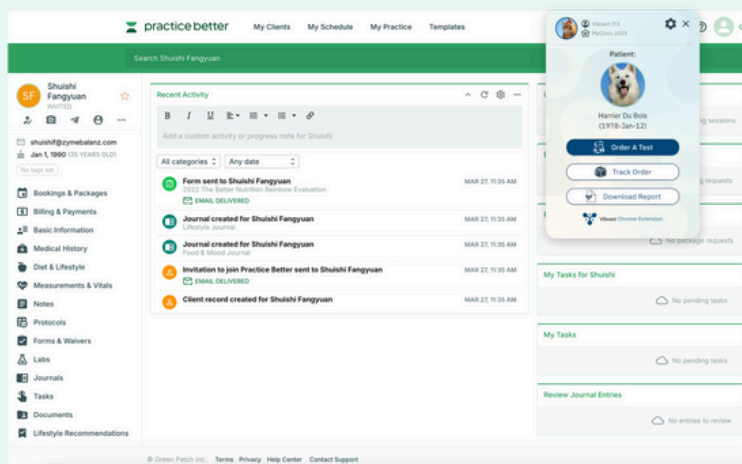

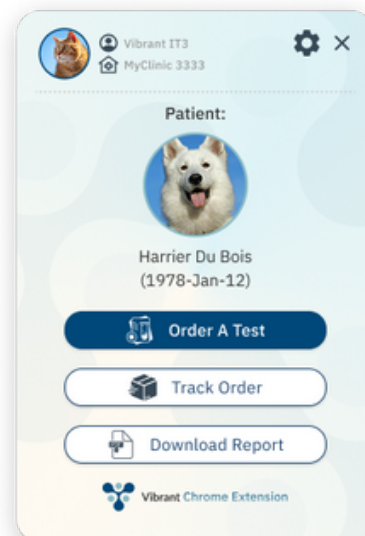

Save Time in Your Workflow

Place Vibrant orders right from your EHR without logging into another system.

Reduce Administrative Hassle

Patient details carry over automatically, minimizing data entry errors.

Order Tests Without Leaving Your EHR

Place Orders Fast: Launch the Vibrant Chrome Extension directly from the EHR and begin ordering without switching systems.

Pre-Filled Patient Details: Patient information flows automatically from the EHR record, reducing errors and eliminating duplicate data entry.

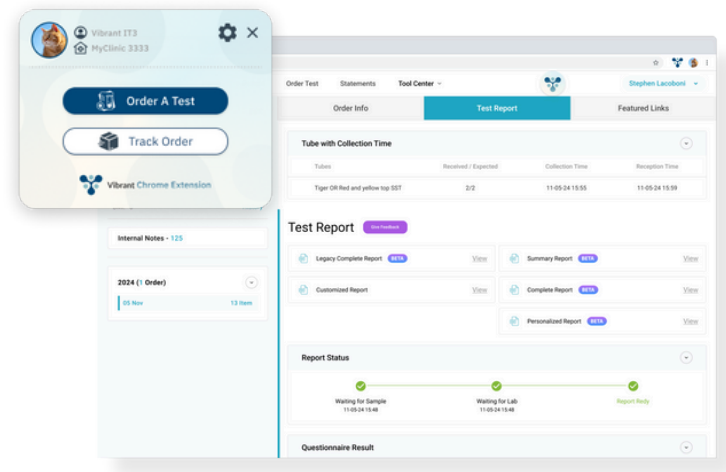

Streamlined Test Selection: Choose tests, confirm payment, and submit the order in a pre-populated Vibrant order while continuing work in the EHR.

Real-Time Order Tracking

Stay Updated Automatically: Order status syncs in real time, showing when kits are shipped, received, or processed.

Access Patient Order Details: One click to access the complete patient order record in Vibrant.

Keep Workflows Efficient: Track order progress without leaving the EHR, ensuring details remain accessible and tasks stay on schedule.

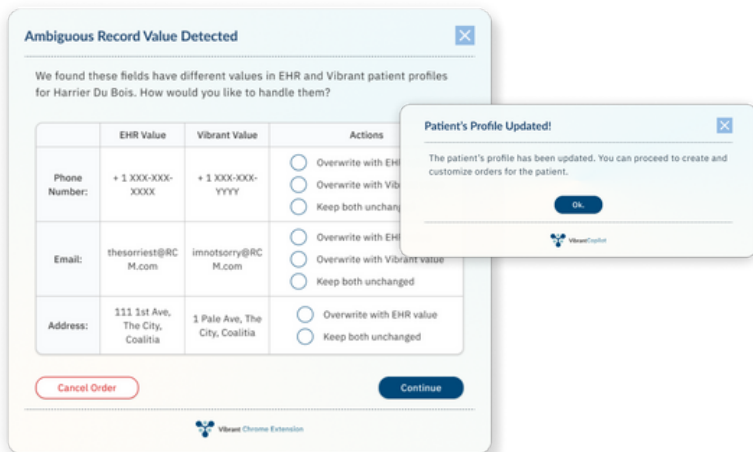

Patient Records Made Simple

Create New Profiles Instantly: When an EHR record does not exist in Vibrant, the extension generates a new patient profile automatically.

Reconcile Patient Data: Discrepancies between the EHR and Vibrant details are identified and corrected for consistency.

Maintain Accurate Records: Automated checks reduce mismatched information, supporting clean and reliable patient data.
