

## The gold standard of accuracy in the lab industry

The Vibrant Grain Zoomer detects sensitivity to commonly consumed grains with 95-100% accuracy, IgA and IgG antibodies. and proteins of common gluten-free grains.

### Grain Zoomer Markers List

Grain	Protein
Quinoa	Prolamin, Saponin, Globulin, Albumin, Seed Storage proteins, Vicilin like proteins, Legumin like proteins
Sorghum	Kafirin, Albumin, Globulins, Glutelins
Teff	Prolamin, Albumin, Globulin, Glutelin
Oats	Avenin, Avenalin
Rice	Glutelin, Prolamin, Alpha globulin, Albumin, Lipid transfer protein
Barley	C hordein, C hordein-Omega Overlap, Gamma hordein, D hordein, B hordein
Rye	Omega secalin, Secalin-Gliadin Overlap, HMW Secalin, Gamma secalin
Buckwheat	2s Albumin, 13s Globulin, BWp16 Epitope, Peanut-Buckwheat Overlap, BW10KD, Fag e 1, Vicilin-like protein, Expansin, TBb
